

New Auckland Council Dog Policy

A proposed draft policy and bylaw on dogs is intended to be publicly notified late this year by Auckland Council. We already have close to 3,000 members but we want to greatly increase that number so that we can ensure that we have huge support for two requests:

- (a) The prohibited period for dogs on popular beaches during the summer to be from 10 am until 6 pm**
- (b) The prohibited period to last from 1 November to the last day of February.**

If you do not already receive emails from our group **please** join us. Our strength is in our numbers and we will need every one of you later in the year! ☺

Go to <http://www.dogfriends.co.nz/home.html> and complete your details. When you receive our confirmation email, all you need to do to complete the sign up process is to click on the link in the email to confirm that you want to join us. Please do it now. We won't pester you as we only send out a newsletter occasionally.

Please also encourage all your dog owning friends **throughout the Auckland region** to join us too!

We are on Facebook now too: www.facebook.com/dogfriendsNZ

If you use Facebook please "like" us so that we can give you instant updates.

WE NEED YOU!!

Bye for now

Dog Friends – Auckland Region & Rodney
